2. To hear the reports of the clerk, treasurer, and other officers of said District, and to take such action as may be desired in regard to same.

4. To raise such sum of money as may be needed for the extinguishment of fires, the lighting of streets, the planting and care of shade and ornamental trees, the supply of water for domestic and fire purposes, the construction and maintenance of sidewalks and main drains or common sewers, the construction, maintenance and care of parks or commons, the maintenance of activities for recreational promotion, the appointing and employing of watchmen and police officers, the enacting and enforcing of zoning regulations, and all other district expenses.

5. To take such action as you may desire in regard to giving the treasurer of the District authority to borrow money in anticipation of taxes.

6. To see if the District will vote to authorize the commissioners to sell or dispose of any discarded sections of plank walk no longer in use.

7. To transact such other business as may legally come before said meeting.

Commissioners' Report

1950 - 1951

1. **Sidewalks:** A major portion of the plank walk at Bass Beach was renewed this spring. The discarded sections remain to be disposed of, a matter to be considered at the annual meeting.

Extensive repairs were made to the concrete walk on the Ocean Boulevard and Willow Avenue; and it is proposed to continue this work another year to the extent of available funds.

2. **Policing:** Winter watchman service was maintained last winter as in the past. The Town, as a result of its police appropriation being increased, has had a policeman on duty at the beach during the summer up to 1 A. M.

The bathing beach, parking area, and highways within our borders have been picked up regularly at the District's expense, the town paying for emptying the barrels.

Life guard duty was maintained every day during July and August.

A large anchor, constituting a danger to bathers, was removed at the District's expense.

3. **Willow Avenue:** This road is now a one-way road the year round, from south to north, at its northerly end only.

4. **Drains and Sewers:** At the request of your Commissioners, the State has put a fence around the upstream intake of the trunk at the Fish Houses, to protect children from falling in.

5. **Taxes:** The Town tax rate for this year is \$31.50 a thousand dollar's valuation, \$2.50 less than last year;

and the District rate is \$3.50, an increase of 50 cents. The tax bills have been delayed on account of the unusually late adjournment of the State Legislature.

6. Appointments: After the District meeting last September, Robert A. Southworth was reappointed to the Zoning Board of Adjustment for a five year term; and William P. Fowler was reappointed Zoning Inspector for one year.

Following the death of Marland D. Knowles on November 9, 1950, Philip N. Hobson was appointed Auditor in his place, and George H. Bushway was appointed to the Zoning Board of Adjustment to fill Mr. Knowles' term, expiring this September.

Marland D. Knowles has given generously of his time to the District, and his loss is felt keenly.

7. Mosquito Control: Three applications of mosquito and fly spray were made during the summer, which kept the District relatively pest-free even during our unusually wet season.

8. Signs at end of Locke Road: New signs have been installed at the southwest end of Locke Road, marking that road and Chapel Road.

9. Rockweed: Your Commissioners were advised this spring by Chief Henckel of the systematic removal of rockweed from our shores, for sale in Massachusetts, and secured a conviction of two of the offenders in the Hampton Municipal Court under a statute forbidding the piling of rockweed below high water mark. Your Commissioners cooperated with the Committee on Coastal Improvements of the Seacoast Regional Development Association in initiating legislation to effectively prevent the stripping of our shores of rockweed. Under the new law the pulling or removal of growing rockweed is prohibited; but a resident or summer resident may *cut*

not more than two bushels in one day for his own use (as for a clam bake).

10. Annual Meeting: All property owners as well as voters of the District are invited to the annual meeting on Tuesday, September 4th, at William Fowler's residence, at 8.00 P. M.

MARION STOTT,
ROBERT A. SOUTHWORTH,**

Commissioners of Little Boar's Head District.

Agnes F. Viano, alterations to bathhouse.

The following renewals of business permits have been issued this spring:
